Sconce VOLTERRA W01975BR

Technical data	
Średnica	**10.00cm**
Color	**Brass**
Material	**Metal, Alabaster**
Room	**Home office, Livingroom, Bedroom, Hall, Kitchen, Dining room, Bathroom**
Type	**Wall lamps, Ceiling lamps**
Socket	**G9**
Number of light sources	**1**
Maximum power	**2,5W LED**
Light sources included	**No**
IP rating	**IP20**
Lampshades	**No**
EAN	**5902115965975**

Spectacular, elegant

Discover the artistry with the Volterra Lamp series. It is a true masterpiece of nature, as these products feature Spanish alabaster, which has formed over millions of years. The pendant lamp and wall sconce in brushed brass with an impressive round shade are an excellent combination of classic and minimalistic design.

The bodies of these lamps do not interfere with the perception of the main protagonist - alabaster, further showcasing it and creating a striking harmony. Each piece of art is unique, as the shade will differ depending on the specimen - the quantity and intensity of veins, shade, and consequently, light permeability. All of this makes Volterra an incredible decorative element, resembling sculpture and captivating the eye with its charm and splendor.

*If you have preferences regarding the appearance of the shade (quantity and intensity of veins, shade color, etc.) or if you are purchasing multiple pieces and desire similar shades, please write it in the order notes. We will make every effort to meet your expectations.

Note: the maximum wattage of the light source must be strictly observed. The wattage must not be higher than in the product specifications (2.5W). Overheating of natural alabaster causes irreversible tarnishing and lack of transparency of the material.
