Maximum power	**40W**
Light sources included	**No**
IP rating	**IP20**
Lampshades	**No**
EAN	**5902115966255**

Add sculptural lightness and subtle elegance to your interior with this distinctive luminaire, designed for both ceiling-mounted and pendant installation. The composition of semi-transparent glass discs creates a layered lighting effect and draws the eye with its soft, organic form. The design is completed with brushed brass metalwork, giving the fixture a timeless, refined character.

Benefits:
- Two installation options in one luminaire - choose between a pendant light or a flush-mounted ceiling light depending on your space.
- Enjoy a unique lighting effect thanks to semi-transparent white glass discs that gently filter and diffuse the light.
- Appreciate the refined craftsmanship - each glass element is softly whitewashed and secured with a decorative glass sphere that also functions as a fixing screw.
- Enhance the elegance of your interior with brushed brass details - warm, noble and highly versatile.
- Introduce a form that balances modern design with a soft, artistic aesthetic.

Application:
This luminaire is perfect for living rooms, dining areas, bedrooms, representative halls or above a dining table. Installed as a ceiling light, it works beautifully in rooms with lower ceilings, while the pendant version becomes a striking focal point. Ideal for interiors in modern classic, soft glam, art deco, contemporary and high-end designer styles.
