EAN	**5902115966569**

Add spectacular character to your interior with this striking pendant lamp featuring a sculptural form composed of dozens of glass spheres that create a luminous, decorative cluster. The combination of transparent, textured glass with warm-toned metal details makes this lamp a true focal point of the arrangement.

Benefits:
- Create a true statement lighting effect - the multi-sphere form instantly draws attention and works as a luminous decorative installation.
- Enjoy atmospheric, multi-dimensional light - textured glass beautifully diffuses and refracts light, adding depth to the space.
- Enhance the elegance of your interior with metal accents in a luxurious finish that add warmth and refinement.
- Achieve the perfect balance between design and function - the lamp serves as both a light source and a jewelry-like decorative element.
- Maintain visual lightness despite the bold form - transparent glass shades do not overwhelm the space.

Application:
This pendant lamp is ideal above a dining table, in the living room, over a kitchen island or in an elegant entrance hall. Perfect for interiors in modern classic, soft glam, art déco, modern luxury and refined contemporary styles. It looks especially impressive in spaces with higher ceilings, where its decorative form can fully stand out.
