SAVANNAH - Geometric detail in a compact setting

Inspiration & Style The Savannah collection is the quintessence of the Modern Classic style with a clear note of Art Deco. This three-light version of the lamp combines the warm, homely softness of a textile shade with the cool, architectural precision of a metal construction. True to the brand's philosophy, *When Yesterday Inspires Today*, this design brings the glamour of the past into contemporary interiors in a refreshed, sophisticated, and more compact form.

Key Visual Features:
- Intricate metalwork decoration: The highlight of the design is the decorative metal ring in a brass finish. Its geometric pattern acts as a jewelry accent for the simple white shade.
- Compact size (3 light sources): The reduced diameter and three light points make this model retain all the advantages of the larger version, perfectly fitting into slightly smaller spaces.
- Lighting comfort: The textured material of the shade perfectly diffuses light, eliminating glare and filling the room with a soft, cozy glow.

Application: The lamp will look perfect above a smaller dining table, in a bedroom, or an atmospheric hall, where its sophisticated form will attract the eye without overwhelming the interior.
