Classic, traditional

The Zurich outdoor lamp series consists of three products: a wall sconce, a hanging lamp, and a standing lantern. Additionally, the wall sconces and hanging lamps are available in two variations - for one and for three bulbs. This diverse product range within the series allows for an optimal selection of a lamp tailored to specific functions and locations where they will be applied.

Their classic and traditional design, inspired by historic street lamps, makes Zurich lamps timeless and perfectly complements the grand entrance to your home and garden. Crafted from stainless steel and aluminum, these lamps boast high resistance to challenging weather conditions.

The frames are coated in matte black, and the glass with air bubbles ensures that any dirt is less visible. The overall presentation is exceptionally stylish and unique. Highlight the character of your home with these classic outdoor lamps, ensuring their enduring appeal.
