Luxurious and striking.
Small plafond from the KYIV series, thanks to its size and shape will be mainly suitable for low or small rooms - especially halls, small bathrooms or dressing rooms. The round frame with crystals will beautifully diffuse the light and give the room the right richness. The plafond is covered with gold and silver color and hand-brushed, which gives it a champagne color and emphasizes the uniqueness of this lamp. The bottom of the lamp is shielded by frosted glass.
